

Phil. June 25/87.

Hon. S. M. Fox.

Supt. U. S. Mint

Sir.

Mr Williams did not attempt
in any way to follow your Schedule
for Lumber —

but bids on other things not named
in the schedule —

I think you will agree
with me that it is not the proper
way to bid — Benton also gives
two prices on Basswood of \$16^{1/2} and
\$37 —

Now Basswood at \$16^{1/2}
could not be used — being only
Culls — I think & hope you
will find my Bid a straight
square one & the lowest average
Bid — Kindly see that I am
treated right this time
Yrs Respectfully, E. F. Lake

Sir.

Mr. Williams did not attempt in any way to follow your schedule for lumber –
but bids on other things not named in the schedule –

I think you will agree with me that it is not the proper way to bid – Benton also gives two
prices on Basswood by \$16. ½ and \$37 –

Now Basswood at \$16 ½ could not be used – being only culls – I think & hope you will
find my bid a straight square one & the lowest average Bid – Kindly see that I am treated right
this time.

Yrs. Respectfully
